CONTENTS:

1. Approval of Equipment

In general, equipment that is accepted by the RO as part of the vessel classification process automatically satisfies the requirements of meeting the satisfaction of the Administration. However certain equipment such as life-saving, fire detecting / extinguishing, navigation, pollution prevention, radio, and safety equipment, and ballast water management equipment and systems are not always evaluated or accepted as part of the vessel classification process.

1.1. Approvals by Recognized Organizations

Tuvalu's [ROs](#) are authorized to approve equipment to the applicable IMO instruments.

1.2. Approvals by another State

1.2.1. Equipment approvals granted by:

1.2.1.1. another State that is a Party to SOLAS, or by a Tuvalu [RO](#) acting on behalf of that Party; and

1.2.1.2. Equipment approved under European Union Marine Equipment Directive (MED) 2014/90/EU, as amended,

are accepted.

1.2.2. The Administration may accept equipment approvals granted by another State that is not a Party to SOLAS on a case-by-case basis.

1.3. New Life-saving Equipment

Approvals of new life saving equipment shall take into account IMO Resolution MSC.81(70) (Reference (d)), and their installation shall comply with SOLAS, LSA Code, and relevant IMO guidelines.

1.4. Existing equipment accepted under SOLAS requirements prior to 01 January 2020 may be used so long as they are in serviceable condition.

1.5. Approval of EPIRBs and Satellite Terminals

1.5.1. EPIRBs must be approved by COSPAS SARSAT; and

1.5.2. Satellite terminals must be approved by INMARSAT or IRIDIUM.

1.6. Type Approval Certification Scheme (see IMO Circular MSC.1/Circ.1221 (Reference (f)))

The expiry of the Type Approval Certificate does not affect the operational validity of an installed equipment, and similarly, an equipment manufactured during the validity period of a Type Approval Certificate need not be renewed or replaced due to expiration of the Type Approval Certificate.

2. Approval of Service Providers

2.1. From 01 January 2020, prior to providing maintenance, examination, testing, overhaul or repair of:

- 2.1.1. Lifeboats (including free-fall lifeboats);
- 2.1.2. Rescue boats;
- 2.1.3. Fast rescue boats;
- 2.1.4. Launching appliances; and
- 2.1.5. On-load and off-load release gear for lifeboats (including primary and secondary means of launching appliance for free-fall lifeboats), rescue boats and davit-launched liferafts,

a service provider, or manufacturer acting as a service provider, must be authorized by the Administration in accordance to IMO Resolution MSC.402(96) (Reference (e)).

2.2. The Administration does not directly approve service providers, but shall issue an authorization letter to service providers that hold a valid ASPC issued by one of Tuvalu's [ROs](#) who have been delegated the authority to ensure that the service providers meet the IMO Resolution MSC.402(96) requirements.

2.3. Ship owners / operators shall submit applications for Authorization of a service provider to technical@tvship.com accompanied with:

- 2.3.1. The previous Authorization issued to the Service Provider, subject to the ASPC is still valid; and
- 2.3.2. Location (port) and approximate date of servicing.

OR

- 2.3.3. The last equipment service certificate;
- 2.3.4. ASPC of the Service Provider issued by one of Tuvalu's [RO](#); and
- 2.3.5. Location (port) and approximate date of servicing.

3. Approval of Service Stations

3.1. The following are to be serviced at an approved servicing station with proper servicing facilities and using properly trained personnel:

- 3.1.1. inflatable liferafts;
- 3.1.2. inflatable lifejackets; and
- 3.1.3. marine evacuation systems.

3.2. The permanent repairs for inflated rescue boats shall also be carried out an approved service station.

3.3. This Administration accepts servicing stations that are approved by another State which is Party to SOLAS, or by a Tuvalu RO acting on behalf of that Party and may also consider accepting approvals performed in accordance with IACS Unified Requirement Z17. The acceptance is subject to compliance with IMO Resolution A.761(18) (Reference (a)), as amended by IMO Resolution MSC.55(66) (Reference (b)), and MSC.388(94) (Reference (c)).

Yours sincerely,

Deputy Registrar
